

Ideal Producers Group

# Forum

At IPG we believe Agents get the best education available when they attend our Forum. But, the words of previous Attendees probably sum it up best:

*“I so enjoyed meeting everyone in the office and better understanding their functions. I came away from there knowing that IPG is an extension of my office and work, and that is extremely comforting and helpful. I also enjoyed networking ideas and information from the other agents that are in the field. Thank you so much for allowing me to visit and learn from others’ wisdom and experience!”*

–Talor, Illinois

*“Thank you so much for having me there, it was VERY helpful. Having a small intimate group like this, with Ron [Essary] sitting in for most of the time and adding to the material was simply priceless.”*

–Soren, California

*“ I want to thank everyone there at IPG for a wonderful couple of days. We are very impressed with the operation there and look forward to working with the entire group at IPG.”* –Allison, Maryland

*The only way our Forum can help your business is if you attend!*

Call your Sales Advisor today to see if space is available at our next session.
