

Ideal Producers Group

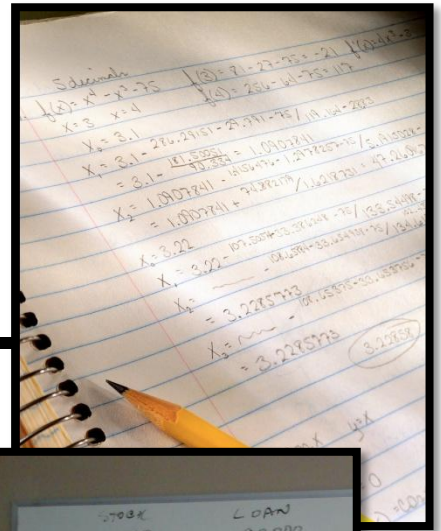

Forum

We know your time is valuable, so we would not invite you to Kansas for a day and a half of training without making it worth your time. In addition to the networking with other producers, you can expect to learn:

- Indexed Annuity pricing – what you should know and why you should care.
- How to explain the cost of Income Riders to your clients.
- Help for closing those elusive **BIG** cases.
- Trends in Life Insurance and how you can capitalize on them.
- Maximize your clients' assets while decreasing their tax liability.
- What's working in **Lead Generation** programs today – some things actually are!
- Additional compensation without additional effort.
- PLUS...whatever business concerns **YOU** have is on the agenda!

The only way our Forum can help your business is if you attend!

Call your Sales Advisor today to see if space is available at our next session.
